Winter weddings offer a uniquely romantic and elegant atmosphere, where the beauty of the season creates a warm and intimate celebration for you and your guests. A glowing indoor fireplace adds charm and comfort, while seasonal touches such as hot soup starters and generous carvery-style dishes add a sense of winter indulgence.

Winter also offers greater flexibility, with more available dates so you can choose the perfect weekend without the long wait for the following year.

To make this enchanting season even more appealing, our off-peak season offering includes reduced venue hire, complimentary corkage on wines and champagne, and a lower minimum guest requirement — allowing you to enjoy an elegant and memorable wedding celebration with exceptional value.
